

Programme for the two days:

Day 1: Thursday, 23 August 2018	
Venue: Jens Chr. Skous Vej 4, 8000 Aarhus C, Denmark. Building 1481 – Room 366	
12.30-13.00	Registration + Coffee
13.00-13.30	Welcome and introduction: Dr. Tina Paulsen Christensen and Dr. Anne Schjoldager, School of Communication and Culture, Aarhus University
13.30-14.30	Dr. Ralph Krüger, Cologne University of Applied Sciences Keynote: On the Potential Implications of Neural Machine Translation for Translation Competence and Translation Didactics.
14.30-14.45	Coffee break
14.45-15.45	Dr. Joss Moorkens, Dublin City University Keynote: Translator surveys, how technology has changed the translators' perceived roles, and the resulting effects on research and tool development.
15.45-16.00	Coffee break
16.00-18.00	Informal roundtable discussion where each participant speaks for 2-3 minutes about their ideas and wishes for future research collaboration
19.00-21.00	Meet in Aarhus city centre to eat dinner together (costs not covered by host)
Day 2: Friday, 24 August 2018	
Venue: Jens Chr. Skous Vej 4, 8000 Aarhus C, Denmark. Building 1481 – Room 366	
10.00-13.00	<ul style="list-style-type: none"> • First network meeting • Aims of the network • Where to go from here
13.00-14.00	Lunch and wrap-up

On day 1, the aim of the roundtable is for researchers in translation technology to come together to discuss the status of research in translation technology, to present research ideas and to introduce projects currently underway in relation to translation technology. On day 2, we aim to discuss the establishment of the Translation Technology Research Network (TTRN).
